What's **in the** BOX

Designed for small-to-medium businesses, the DTC1250e provides maximum efficiency in a sleek, user-friendly design. This printer is virtually maintenance-free and prints full-color, plastic ID and technology cards on a budget.

The DTC1250e adds a level of convenience to easily print what you need, including:

- ☞ Choose from easy (EZ), all-in-one print ribbon and card cleaner or economical and eco-friendly (ECO) refill ribbons.
- ☞ Built-in Swift ID™ badging application enables you to create ID badges in seconds without having to install any additional software.
- ☞ Intuitive design provides instant system status through color-changing buttons.
- ☞ Industry's first, inline card printing and technology card encoding with a single connection using USB

The FARGO® DTC1250e is built with Genuine HID® technology and is fully interoperable with other products in the HID ecosystem, enabling organizations to leverage their existing technology investments.
